## MRS. ELSIE BURSEY NEW ADMINISTRATOR AT HYLAND CREST SENIOR CITIZENS' HOME

Mrs. Elsie Bursey was elected from many applicants for this important position and took over her new office as of March 6th, 1970.

Born in Huntsville, Ontario, the former Elsie Ould, she received her elementary, secondary and commercial education in Huntsville and later in Owen Sound, where her family moved. Mrs. Bursey worked for Ontario Hydro in Toronto for seven years, and for shorter periods for the Boy Scouts of Canada, the Salvation Army, and also Mutual of Omaha, Health and Accident Insurance Company. In 1935 she married Allan Bursey, and together they purchased and ran Glenroy Lodge at Hall's Lake for 21 years. Allan died suddenly in 1962 but Elsie continued to run the Lodge until she sold it two years ago.

Mrs. Bursey ran for office on the Stanhope Council and was successful in becoming a Councillor for 1967 and Deputy-Reeve for 1968 and 1969. These community affairs always received her utmost attention, but she still found time to be an active member of Zion United Church at Carnarvon. She is an Elder in her church, and a Past-President of the U.C.W., and at present is President of the Lindsay Presbyterian United Church Women. She is a member of the Eastern Star, Highland Chapter of Haliburton. Mrs. Bursey is interested in travelling and has had several trips to England and Spain where her only sister lives, as well as other Continents and Canada.

Mrs. Bursey was immediate Past-President of the U.C.W. at Carnarvon when the idea was conceived by an active group of women to try to establish a Home for the aged folk of the area. Actually they had in mind something much smaller and less elaborate than the Home as it is today. However, they soon became involved with the various departments of Government which had to be consulted to establish such a Home, and through the many meetings with Mr. Drew of the Department of Social and Family Services, Homes for the Aged Branch,

and County Officials, plans were drawn up to build a Home that would house at least 60 aged residents, and be worthy of the expense involved for years to come, but which also conform to the regulations required by the Department of Health and Welfare, etc.

Mrs. Bursey was Chairman for 1968 and 1969 of the Committee of Management of the Hyland Crest Home, and President of the Auxiliary for the same two years. She has attended many Conferences and Meetings involving Homes for the Aged, and is very well versed in the requirements and regulations in running it as a Home and not merely an Institution.

In the short time Mrs. Bursey has been Administrator of the Hyland Crest Home, there have been many favourable comments about the atmosphere of warmth and co-operation among staff and residents. She has a genuine love for the older folk as well as a working knowledge of the administration, keeping expenses under control, buying ability, and diplomacy in dealing with people. However, it is

## Guild Of Fine Arts Held Election Of Officers In Haliburton Recently

MRS. ELSIE BURSEY

her love and interest in the residents that will make her a successful Administrator for Hyland Crest Home. Congratulations and every good wish go to Elsie upon her appointment.

On Wednesday evening, April 1st., 1970, the annual General Meeting of the Haliburton Highlands Guild of Fine Arts, was held in the Gallery, Highland Street, Haliburton.

The Chairman, Mr. Rick Poole, welcomed a representative group of people. The minutes of the last general meeting were read and approved. Treasurer's report was given, and a few questions were raised and answered. Mr. Poole gave a general report of the activities carried on by the Guild since the last general meeting.

The elections of officers for 1970-71 was as follows:

Chairman, Mr. Rick Poole, President, Mrs. Carol Duncan, Treasurer, Miss Betty Hodgson, Secretary, Mrs. Alice Dugan.

The following Committee Convenors were chosen:

Ceramics group, Mrs. Shirley Muller, Writing group, Mr. Tom Farmer, Social, Miss Muriel Allport, Publicity, Mrs. Peggy Fawns.

Leaders are still needed for a

few other groups. Mr. Sinc Nesbitt, the Warden of the Haliburton County Council was present and raised some questions as to the possibility of co-operation with out-lying communities. Mr. Poole assured Mr. Nesbitt, that this question was always being considered, and that we hope to have more representatives from these communities taking an active part in the activities of the Haliburton Highlands Guild of Fine Arts.

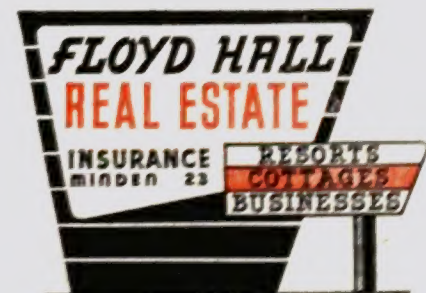

Mr. Don Popple, Director of the Haliburton School of Fine Arts, was introduced as the Guest Speaker. Mr. Popple is associated with Sir Sandford Fleming College in Peterboro, and spoke of the work of the College, and how they were watching with interest the Haliburton School of Fine Arts, and hoping that the coming school of July 20th to August 14th, will be a continuing success.

After the adjournment of the business meeting, a social half hour was spent during which people personally met the new Director of the Haliburton School of Fine Arts.

## WHO IS RESPONSIBLE?

See that black thing in the snow? — Is it alive? Dead? Or from outer space? Or is it even important? — For the answer, see more pictures and story on page 3.

### TOWNSHIP OF SNOWDON

20 acres with 2400' frontage on highway 519. Nicely treed, 2 acre pond on property. Good building lots.

### TOWNSHIP OF STANHOPE

Excellent building lot 200' X 400'. Level and treed. Close to lake and river. Paved road. Price \$3,000.

Send for our free brochure. Listing property in the Minden and Haliburton areas.

## HERE AND THERE

with Fenwick Finch

With Spring almost here we can begin forgetting about the snow and ice. This might be a good time to compliment Earl Hewitt and his staff on the first class way they have kept our streets. No matter how heavy the snow they had the streets in shape before the traffic got started. Remember that these fellows had to keep all the roads in the Municipality cleaned then you can appreciate the fine job they did for us.

While on the subject of traffic, every once in a while I take a little abuse from the travelling public for reminding them of the possibility of accidents — they feel I'm against the tourists — but I'm not, like every one here I welcome the tourists but I hate to see them carried out of here in pieces. The accidents we have in most cases are unnecessary and it's a shameful waste of life and property.

I have some figures from the Department of Transport that may give you something to think about. According to these statistics weekend drivers take more lives than any other group.

Saturday accounts for most of the fatalities with Sunday a close second. Tuesday has the lowest death rate. June and August are the two worst months. The age group for fatalities is between 20 to 34 years.

The old bromide holds good — "Drive carefully, the life you save may be your own." Until you nearly lose your life you really never appreciate it's value. So, when you come up to the Highlands this summer, enjoy yourself and don't become a statistic.

On the subject of "Graffiti" Jean and Earl Casey of Haliburton have returned from a holiday at Lake Placid and they sent me the Lake Placid paper, the "Lake Placid News".

In a column written by John Julia he says the following. "—Wouldn't be too surprised that a local chapter of the National Ladies Room Wall Washers Union could get a good start at the High School."

It appears that the "graffitti gremlins" went all out over a week-end and really fixed up the washrooms.

From reports I have been getting following the column of this "art" someone must have taken me seriously for "graffitti" is coming back to its own — maybe I have released a Frankenstein monster — who knows.

In any event Lake Placid seems like a metropolitan enough place to get the best of writing. I hope John can keep me in touch — I'd be interested to know how he makes out.

I see Van Zeyl's restaurant is being done over. The rustic setting certainly creates a perfect atmosphere for this part of the Highlands. The new changes make a good supplement to the excellent meals they offer. Drop in and see 'em, you'll appreciate the new surroundings.

From a place of business in Lindsay I received this little note — "work like Helen be happy!"

So, until next week, drive carefully, we have a good season ahead of us, stay alive and enjoy it — don't become another statistic.

See you around.

Fenwick

## DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular feature prepared by the Family Financial Counseling Service of the Avco Delta Corp., P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered in print or by mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

\$\$\$

Since many letters we receive indicate an awareness of practical buying and saving techniques, the column this week will be devoted to some "do's and don'ts" of planning, buying and saving. The following suggestions should help you solve some of your money problems. Here are the do's:

Keep track of your income for at least two months so that you'll know where your money is going.

Determine how much you have left after all the necessary expenses such as rent, food, clothing, payments, etc. are taken out.

Set up a regular savings program to cover extra things in the future — vacation, car repairs, insurance, etc., so you will have enough cash to pay for them.

Plan your spending by pay periods so you won't run out of money between paydays.

Here are the don'ts:

Spend more than a week's pay in cash or sign up for any major purchase on credit without thinking about the situation overnight. You'd be surprised how less attractive the offer or deal looks in old light of morning.

Purchase anything you don't need — no matter how inexpensive it may be — or just because it's on sale.

Buy any item just because you can get it on credit — or because no down payments are

required — or because payments are small. Whatever the case remember that you'll pay the full price in the end plus the cost of the credit, which of course will be more if no down payment is required or if payments are so small they will extend over a long period of time. Make sure you can keep up with the payments before you sign up for credit, and be sure you

understand everything before you sign.

Panic if you run into financial crisis and can't meet your payments because of illness or injury to the family breadwinner. Keep in touch with your creditors; tell them the facts and perhaps something can be worked out for you.

Following these simple rules may not lead into a financial utopia, but they may help keep you from running headlong into a financial quagmire.

### WHO IS RESPONSIBLE ?

The pictures above are only four of the water hydrants here in Minden, the Progress can produce pictures of all the water hydrants taken on March 11th, of this year, in which everyone was almost or completely covered by snow. These photos were not taken after a snow storm. Who is responsible for keeping the snow clear of these hydrants? Someone should be. In case of fire we are afraid the fire department would be some time before a hose could be attached, if they could find the hydrants at all. The top photo is corner of Peck and Anson Street. The next one is also on Anson Street. The bottom one in which the fire hydrant is completely buried is at the end of South Water Street. This neglect could cost someone their life!!

by Lorna Rogers

Gerussi! CBC radio's popular morning 'happening', is to have a new twist. Since it became a national program in July 1968, actor-broadcaster Bruno Gerussi has broadcast from a Toronto studio, with the exception of a few out-of-town dates when he's had a live audience. Starting April 17, Gerussi! will become an audience show one day a week-Fridays. It will originate from Toronto's intimate Colonnade Theatre. Playing to an audience is nothing new for Bruno who was on stage in Canada, the U.S. and Britain long before he became a broadcaster. The Friday show will retain the usual, somewhat freewheeling format, with the addition of live music, which on the April 17 show will be supplied by the Norm Amadio Trio, guitarist Lennie Breau, and vocalists Pat Hervey and Tommy Ambrose. With the flamboyant Gerussi personality at the helm, plus audience involvement, the new formula should generate a lot of electricity.

Attention sports fans! On Saturday, April 11 there'll be live coverage of the Football Association Cup Final from London's Wembley Stadium, when England's two top soccer teams battle for the championship. On Sunday, April 12 CBC radio will carry the first in a series of NHL playoff games.

If everything goes according to plan, the Apollo XIII Moon Flight will blast off from Cape Kennedy, April 11, carrying veteran astronaut James A. Lovell, spacecraft commander, Thomas K. Mattingly, command module pilot, and Fred W. Haise, lunar module pilot. CBC radio will cover the important stages of the flight, including the lunar landing on April 15; the early morning lunar walk on April 16; and the second walk later that day; the lunar blast-off April 17; and splashdown in the Pacific, April 21. Host for the radio broadcasts will be George Rich, with special guest commentator Dr. Stanley Townsend of the Institute of Aerospace Studies, University of Toronto.

The Toronto Symphony goes rock in a special concert combining the forces of the Symphony and a Toronto rock group called Lighthouse. The 13-member Lighthouse has been enjoying considerable success in the U.S., London's Albert Hall, and the Montreux Jazz Festival in Switzerland, and have just recorded their third album. The joint concert will be heard on Symphony Hall, April 12.

### PROGRESS

Toronto has its high-rise, skyscrapers, industry, CNE, and last place Leafs, Minden is going to get a sewage system (we hope)? And man, do we need one.

We were pleased last week,

as I guess most people were, when the Ontario Water Resources released the information that they are now ready for a hearing, concerning sewers for Minden. At this meeting, being held for anyone who is interested, description, facts and figures, design, costs etc. will be discussed.

Council applied a year ago to the Ontario Water Resources Commission to come up with a plan for sewers. Since the time of application, the Ontario Water Resources Commission have been working on this system for Minden and now have everything completed. Council members themselves have not yet seen the plan, so will be informed along with the ratepayers at the public hearing.

If this community goes ahead with sewers, and I can't see any reason why they wouldn't, since the Ontario Water Resources Commission will bear all the costs for installation, and will carry the project over a long period of time, making the payments reasonable for the community to carry. The commission will own and operate the system, relieving the community of this involved set-up.

With sewers, Minden will be on the move — along with our water works, we should be able to attract business and industry to the area. However these two public utilities will not do it by themselves, we must still continue to progress along other avenues.

Once we have these public works, we should set up an industrial commission to investigate industry for this town. A representative from council should be on this commission, but the balance of the commission should be businessmen (progressive ones) who have the time to explore small industry, talk to Provincial officials, and sell them on this area.

Before a commission of this nature can be set up, the town should clear and excavate industrial property, so the commission would have something to sell. A tax cut and other fringe benefits should also be made available to industry.

Selling industry to a community, is like selling merchandise in a store — The community is the product, it must be attractive, of high quality and at the right price. Many items come under these headings — water and sewers are two of the more important ones. Good highways for transportation is another (we are getting these), location and personnel. Our location is perfect for those dodging the high city costs, and with over a 1,000 people in the immediate area, employment shouldn't be a problem. Recreational facilities are another important aspect a company looks for when moving to a community, these we lack at the present, but with a little more progressive thinking, these can be obtained.

Now that we are starting to move, let's keep the machinery oiled — progress is the name of the game, those who falter only wither and die by the wayside.

## LETTERS TO THE EDITOR

R.R. 1 Haliburton

April 4, 1970

Dear Sir:

I wish to protest the policy of both the Molou Theatre in Haliburton and the Beaver Theatre in Minden.

It has happened on several occasions that previews for restricted movies have been shown on evenings when movies rated for general audiences or even for children were playing.

The movies previewed have depicted adultery, eg. "Three Into Two Won't Go"; Lesbianism, "99 Women" and acts of masochism and sadism.

Although I do not approve of these movies, I do not question the theatres' right to show them. I do, however, question their right to preview them on evenings when the feature movie's approved for general audiences or children.

In my opinion this is inconsiderate and in poor taste.

Such previews should be restricted, as are the movies they advertise, and shown only at appropriate times, that is when the feature movie has the same restricted rating.

I feel it is the responsibility

of the theatre management to be aware of what they are showing and to whom it is being shown, and I for one demand a change in this policy.

Ian Sorbie

Wilberforce, Ont.

April 4, 1970

Dear Mr. Finch:

I read your article sometime ago asking for items to be sent to you, for your column. Since I have done business with you in connection with your other job and I also invited you into our home a stranger to me at the time, I thought perhaps you would like to have this letter.

While you were down to Toronto in Hospital with a heart condition. I was over at the Hospital in Minden, which was one of the best I have ever been in, swinging the lead, as we old soldiers used to call it, with my 3rd. coronary.

I have been to the Toronto General, St. Mikes, Hotel Drew in Kingston, the Kingston General and it compares quite favourably with anyone of them.

I was under the care of your very excellent Dr. Koval who

was able to do what no other Doctor was able to do. I also enjoyed excellent care from your staff of competent nurses in the hospital and was able to return home in 17 days with an altogether different outlook on life and feel better than I have in almost 28 years. The only trouble is I have too much ambition for what I can stand, and do have to keep putting on the brakes to slow down.

It would not be fair of me not to comment highly on the ambulance ride provided by the very competent driver Lloyd Baker and his helper Dick Schell from Haliburton who rode in with me and administered oxygen. Also the Rev. and Mrs. Brubacker for their many visits. Now last but not least my faithful wife who visited every day, it was possible to do so.

I do hope you make a speedy recovery as I have up to now. I also like what you say about feeling sorry for yourself, but the way I say it is, that no matter how bad you feel, you don't have to look far to find someone in worse shape than you or I are.

Yours truly,  
A'Delbert Miller

**"I'm not gambling  
on a good year — my  
costs are covered by  
crop insurance."**

Ernest Burgess,  
R.R. 4, Pakenham.

**Crop insurance protects you against the hazards of a  
bad year — the weather, plant disease and insects.**

Farming is a risky business. Crop production costs increase steadily, year by year. In contrast, crop yields vary — depending largely on unpredictable natural hazards which you can't control. But now you can protect your investment in seed, fertilizer, sprays, etc. — with crop insurance. Crop insurance guarantees your production — so you can cover your costs.

**Rates are low** — Federal and Provincial Government participation means you buy

**APPLICATION DEADLINE MAY 1st (SOYBEANS AND WHITE BEANS JUNE 1st)**

this comprehensive coverage for **less than half the cost.**

**'No-claim discounts'** — can reduce premiums by as much as 25%.

**Premiums are deductible** — At tax time, your crop insurance premiums can be listed as deductible expenses.

## MINDEN MINOR HOCKEY NEWS

Unless we get another snow storm the Minor Hockey season came to a close over the weekend when the Bantams played in a tournament in Keady, Ontario. The Bantams played in a couple of close games, but were defeated in the weekend tournament.

On Friday the boys left Minden and played their first game against Shedden at 9 p.m. that evening, the Shedden team beat the locals 3 to 0. The boys stayed at the homes of other players in the area and the tournament continued on Saturday. Minden met Oakwood in the consolation round and lost 4 to 1. Wayne Harrison scored the Minden goal.

The boys found it interesting that Keady had a population of about 50 people but could boast of having artificial ice. How about that? Everyone had an enjoyable weekend, coming home Saturday afternoon.

Warsaw won the tournament championship, while Oakwood took the consolation honours.

\* \* \* \*

The minor Hockey banquet has been scheduled for Saturday, May 23rd in the Anglican Church. Admission is \$1.00 per person. Guest speaker for the evening has not yet been arranged, however the executive hope a good speaker can be obtained.

It will be at this banquet that trophies and crests will be presented to the players, and it is hoped that a full turn-out will be onhand.

\* \* \* \*

The executive of the Minor Hockey would like to take this opportunity to thank all the players for participating this year, and also to the many parents who supported the teams throughout the winter. A special thanks to those who sponsored teams with sweaters and equipment and those who donated by buying booster tickets and draw tickets throughout the year. The organization would also like to express their gratitude to the Rotary and Kinsmen Clubs of Minden for their kind donations. It is only through all this great support that Minor Hockey can continue each year.

\* \* \* \*

One last note, anyone still having Minor Hockey sweaters or equipment out, are asked to return it to your coach so that all can be cleaned and stored away for next years play.

## WEDDING

## SMITH - LAHAY

In a candelight ceremony on March 13, 1970, at the Church of the Redeemer, Avenue Road, Toronto, Patricia Yvonne, daughter of Mr. and Mrs. Wilfred Lahay of Minden, became the bride of William Robert, son of Mr. and Mrs. F. M. Smith of Don Mills with Canon Owen Prichard officiating.

Given in marriage by her father the bride looked radiant in a white peau de soie on Empire lines with lace trim and matching train. Her cathedral veil fell from a head piece of seed pearls and she carried a solitary long-stemmed deep pink rose.

Her attendants were Mrs. Brian Henry (former Liz McKay) of Toronto and cousins Miss Patricia Hincks of Toronto, Miss Barbara Hincks of Ottawa and Miss Ruth Boughner of London. They were dressed alike in floor-length gowns of purple velvet with ruffle trim and headpieces of rose, purple and white hyacinths, and carried candles centred in bouquets of pink and white carnations and purple hyacinths. Her flower girl was Miss Rosemary Orr of Burlington wearing a floor length gown of rose velvet.

Best man for his brother, was Peter Smith, of Don Mills, and ushers were Brian Walsh of Barrie, Wayne Kay of Toronto and Teddy Hincks, cousin of the bride of Ottawa, and junior usher was Jeffrey Smith, brother of the groom, of Don Mills.

For the reception at Prince Arthur House the bride's mother received wearing a floor length gown of orchid terregal silk, with beading trim and matching

headpiece and a corsage of a purple throated orchid. She was assisted by the groom's mother wearing a floor length gown of gold and green brocade and corsage of a gold throated orchid. The uncle of the bride, Dr. E. P. Hincks of Ottawa proposed the toast to the bride.

For the honeymoon, the bride wore a matching coat and dress of lime green, wide brimmed

white hat and navy accessories. The trip was to enjoy skiing in the Eastern Townships and Vermont.

Out-of-town guests were from Bracebridge, Thornbury, Ottawa, Montreal, Burlington, Brampton, Barrie, St. Thomas, Simcoe, Young's Point and Minden.

On their return the happy couple will be residing in Barrie.

## ABOUT THE TOWN

With Jeanne Sears

The W.I. are having a demonstration and speaker from the Department of Agriculture at their Short Course "Fashion Cues for You". In keeping with the season everyone may get some hints to dress up a gown which hangs useless in the wardrobe. This is a free course, time 10 to 4, April 15th at the Orange Hall beside the United Church. Bring a box lunch if you like, tea and coffee will be served. Bring also, a tape measure, paper and pencil.

Sympathy of the village goes to the family and friends of the late Walter Taylor and David Huggins whose funerals were last week.

Mrs. Lillie Hogg enjoyed a visit with her sons and their families at Easter time. Mr. and Mrs. Taylor Hogg and family of Kirkland Lake and Mr. and Mrs. Howard Hogg and family of Sudbury were the group.

Joe Dollo is presently a patient in Toronto General Hospital. Gail Teatro is making fine progress but will still be in hospital for some time yet.

The new building west of the pumping station is expected to be completed by May 1st. with new modern equipment and X-ray. Dr. John Purc will begin his practice in Dentistry early in May. The community welcomes this young dentist who will fill a need in our area.

It's a warm wind, the west wind, full of bird's cries; I never hear the west wind but tears are in my eyes. For it comes from the west lands, the old brown hills, And April's in the west wind and daffodils.

— John Masfield.

The group at Rotary Bingo was a small one last Thursday so the cards were sold for each game, not the usual way. Three Rotarians were there to carry on, in spite of the weather and most players had a winning card during the evening.

Hint of the week — Easiest way to wash windows is with vinegar in the water and using a chamois. This can be washed out and used often also good to wipe steam off mirrors in the bathroom.

Patients at the local Hospital on Monday included Richard Leemet, William Dewey, Miss Jacoleen MacDuff, Mrs. Jean Taylor, Mrs. Ian Hobden and baby girl, Mrs. E. Newman, Lorne Hogg, Miss Debra Thomas, Master Christopher Bull and Master Graham Robinson.

Again three astronauts will take off on another voyage to the moon, time set is Saturday at 2 p.m. May they have a successful journey and a satisfactory return.

Congratulations to the newlyweds Mr. and Mrs. Raymond Shaw (nee Yvonne Hogg) who were married on Saturday.

An April Fool's day joke came a day late here with 8 to 12" of snow falling on Thursday. Roads were slippery and the tow trucks were really busy, though schools were open. Lots of mud at the minute. Cheerio until next week.

#### LETTERS TO THE EDITOR

Minden, Ont.

April 1, 1970

Dear Sir:

Here it is the first of April and still like winter. But it won't seem long until August rolls around again and with it the annual Fall Fair.

Since the Fair has been held in the summer we usually have a hot day. Last time as you may remember it was extremely hot and no shade to be found. Some folks from near Lindsay remarked to me that it seemed queer that with a Fair over a hundred years old there had been no shade trees planted.

Would they not grow in that kind of soil? Surely if they will grow in Lindsay on Kent Street, they should grow here.

Let us try to do something about this soon.

Sincerely,

Mrs. Phil Robinson

## Applications Wanted

Applications will be received by the undersigned up to the 30th. day of April 1970, to train for the position of Township Clerk, Treasurer and Collector for the Township of Stanhope, apply in hand writing, stating age, Education and qualifications.

### TO THE VICTORS GO THE SPOILS

Pictured here are the Minden Mighty Mites as they accept congratulations from Reeve Charles Brandon on the extreme right and council members Reg Booth and Allin Cooper, standing in the background. The Mites received this recognition recently when they captured the Kawartha League Championship and a Mite Tournament Championship, played in Keene. The day this picture was taken the boys enjoyed a ride on the fire truck through town. The Mites from left to right: Gary Harrison, Corey Walker, Leslie Booth, David Arbuthnot, Mark Greir, Terry Harrison, Captain Paul McKenzie, shaking hands with the Reeve, Jim Hatkoski, sitting on the step is Corey Coneybeare, Mike Clark and one loss. It might be said these lads played teams in a higher calibre than Minden.

### HALIBURTON ROTARIANS EDGE SCHOOL TEACHERS IN CLOSE HOCKEY TILT

It was all for fun with proceeds going to Minor Hockey, last Thursday night as the Haliburton Rotary Club downed the High School Teachers 14 - 13.

It was all for fun, but this didn't take any of the desire to win away from the teams. As the score indicates, it was a close game with both teams trying desperately for victory.

Without any question, the stars of the game were goalkeepers John Rouble in the Teachers net and Dave Watson in goal for the Rotarians. Even though the forwards fattened their averages pumping in some 27 goals, these boys were courageous just to stay in the nets under such heavy fire. It took several minutes to total the shots each goalie had fired on him, but when the figuring was completed it was Rotarians 103 shots, Teachers 99. Watson had a prayer going for him, while Rouble was relying on condition.

Both Clubs came out hard in the opening frame and each scored four times. The teachers had a two goal margin after the second period 9 to 7. But it was the Rotary Club who had Ray "Punch" McKinnon behind the

bench with plenty of winning strategy, who out-foxed the teachers in the last period to pull off the win.

McKinnon said after the game, "It was a matter of pride with some of my boys, I told them if they didn't shape up they would find themselves playing out-in Wilberforce."

Ken "Shaky" Wilson was the big shooter for the Rotarians with three goals, Jim Sheffee, Al Greir, Grenville "Rocket" Martin, Joe "Blimp" Iles each scored twice, while Peter Curry, Jack Brohm Scott LaRue fired singles.

For the teachers it was D. "spider" Wright with the hat-trick, W. "Smoothy" Robertson, Bill Johnston, Earl Cooper, and Roy "X" Hoar with two each. Singles went to Louie Dummitt and Stuart Baker.

A return match has been rumored, but the Rotarians could very well stay undefeated for this year, by not playing any more games. As McKinnon said, "I can only get them up for it once a year!"

Some \$90 was raised for Haliburton Minor Hockey — not a bad nights work.

## SAP'S RUNNING

### SPRING IS HERE

by P. H. Rennick, R. P. F.

Bright, sunny, spring days, and frosty nights create ideal conditions for the annual maple syrup phenomenon.

When the day temperature maintains 40 degrees F. and night temperature falls below 32 degrees F., maple tree sap begins to move carrying vital nutrients to the twigs, buds, roots tips and cambial cells — the growth points of the tree.

North American Indians, long ago, discovered that the sap from the Maple trees contained sugar and if boiled down, would render a sweet, maple flavoured syrup. Early settlers in Eastern North America learned this technique from the Indians and used maple sugar and syrup as a sweetener in their diet in place of cane sugar.

Today, maple syrup is a luxury item. Only a few woodlot owners in Ontario produce syrup on a commercial basis — others make some for home use. In 1969, 190,000 gallons were produced in Ontario mostly by farmers. One maple producer had a gross sale value of over \$11,000.00.

There is a considerable potential for maple syrup production in Ontario. To assist this possibility, the producers have formed the Ontario Maple Syrup Producers Association. The Ontario Department of Lands and Forests and Agriculture and Food, have formed an inter-departmental committee which provides technical assistance to this organization.

During January and February of 1970, fourteen Information Meetings were held in Ontario covering the maple syrup production areas of the Province. Producers were provided information on such things as maple bush management for high sap yields, the use of ultra-violet lighting for sap storage sanitation, marketing, plastic tubing, vacuum pumps for maple sap, and the present status of the insect defoliator, called the saddled prominent.

Anyone considering maple syrup producing to assist their income or any producers wishing information on new techniques, should contact the local Department of Lands and Forests or the Department of Agriculture and Food office. Mr. Walter Humphries, Secretary, Ontario Maple Syrup Producers Association, Box 157, Barrie, Ontario is also available for technical assistance.

Architect's sketch showing the lobby adjacent to the main entrance of Sir Sandford Fleming College's permanent Peterborough campus. A \$1,899,500 contract for construction of the first phase was awarded to Vanbots Construction Limited and Company, of Toronto, and it is expected the 74,000 square-foot building, designed for 600 students, will be finished by the end of this year. Long-range plans call for accommodation for 2,000 students.

### AWARD CONTRACT FOR SIR SANDFORD CAMPUS

A \$1,899,500 contract for construction of the first phase of the permanent Peterborough campus of Sir Sandford Fleming College has been awarded to Vanbots Construction Limited and Company, of Toronto, it was announced Friday by Henry Nokes, chairman of the College's board of governors.

The contract price was below this year.

the estimated \$2,022,460 cost for the 74,000 square-foot building, which will house 600 students. The site is on the south-west corner of Peterborough, just north of the Highway 7 bypass. Vanbots Construction was the lowest of 10 companies submitting tenders, and set completion at 200 days. College officials are hopeful that students will occupy the new quarters by the end of

Other sections will be built as need and provincial funds dictate, for a total capacity of 2,000 students at the Brealey Drive Campus.

Site servicing and preparation was carried out last fall, and it is expected some on-site activity will begin almost immediately.
